THE MAJOR

The accounting major combines the strengths of a liberal arts education with preparation for a professional career. Accounting coursework emphasizes critical analysis, problem solving, and communication. Completion of the major will, in most cases, prepare graduates for licensure as a Certified Public Accountant (CPA) in the States of California. (CPA licensure requirements vary somewhat across states.) Graduates who choose career paths other than public accounting have a strong background for entering careers in finance, management, and law.

A 2.0 in ECON 101 is a required pre-requisite for ACCT 210, the first accounting course. Students entering the major are required to have a minimum 2.7 cumulative GPA on a 4.0 scale. Transfer students are also required to have a 2.7 average from their previous school(s).

Accounting majors can pursue a double major. Popular combinations with Accounting are Financial Economics, Global Business, or Business Administration, though other combinations are possible with careful planning. Accounting students are encouraged to study abroad and to complete an internship.

Learning outcomes for this program may be found at www.redlands.edu/BS-ACCT/learning-outcomes.

INTERNSHIP

Accounting majors are encouraged to obtain accounting internships to enhance their academic preparation. Internships allow students to explore career possibilities and integrate classroom learning with experiential learning. Students should see an accounting advisor for more information. To receive academic credit for any internship (ACCT 480), students must complete academic assignments in addition to the internship itself.

STUDY ABROAD

Foreign study programs offer an enriching personal experience to students while they earn academic credit. Increasingly, study abroad is an important component of an education.

DEPARTMENTAL HONORS IN ACCOUNTING

Applications are accepted in the summer following junior year from majors who have achieved distinguished academic success. Successful applicants will work one-on-one with a member of the

accounting faculty to complete a research project. In addition, the research project will be supported and reviewed by an advisory committee of accounting faculty and outside experts, selected by the student and approved by the Honors advisor. To qualify for University honors, a student must complete an honors project within the major department.

COURSE DESCRIPTIONS (ACCT)

All prerequisite courses must be taken for a numerical grade. To meet a course prerequisite, a minimum grade of 2.0 must have been earned in the prerequisite course.

210 Principles of Financial Accounting and Reporting.

Fall (4), Spring (4).

Financial accounting and reporting concepts and procedures that provide a history of economic activity, resources, obligations. Emphasis is on preparing and using financial information at an enterprise level.

Prerequisites: ECON 101.

220 Principles of Managerial Accounting.

Fall (4), Spring (4).

Topics: cost behavior, budgeting, analysis of variance, performance measurement, and pricing.

Prerequisites: ACCT 210.

309 Accounting Ethics and Professional Responsibilities.

Spring (4).

Accounting Ethics introduces students to the professional responsibilities inherent in giving financial advice or verifying representations made by clients in financial reports. Students will explore potential dilemmas that can arise when services paid for by a client are designed to also promote the well-being of the public. Course format relies heavily on written cases, in-class discussion, debate, and a formal research project.

Prerequisites: ACCT 210.

By permission only.

310 Intermediate Financial Reporting for Operations.

Fall (4), Spring (4).

Intermediate Accounting for Operations focuses on a firm's basic revenue-generating activities. Students will learn how providing sales and service, granting customer credit, collecting cash, producing, innovating, incurring and paying expenses, acquiring and using long-term assets, are represented in each of the four financial statements and accompanying disclosures.

Prerequisites: ACCT 210.

320 Intermediate Accounting for Financial Transactions.

Spring (4).

Examines transactions in which a firm secures or re-balances its financing (debt and/or equity).

Emphasis will be placed on how choice of financing affects firm value and risk, and how financial statements, with accompanying footnote disclosures, represent the implications of those choices.

Prerequisite to ACCT 310.

330 Intermediate Financial Reporting for Investing Transactions.

Fall (4).

Intermediate Accounting for Investing Transactions focuses on the acquisition and divestiture of long term productive assets; investments in the debt, equity or operations of another company; risk management through the use of derivatives; foreign currency and tax effects on strategic decisions. Students will learn how these transactions are represented in each of the four financial statements and accompanying disclosures.

Prerequisites: ACCT 310.

Recommended: ACCT 320.

360 Volunteer Income Tax Assistance.

Spring (3).

Topics in Federal and California income tax regulations for filing basic income tax returns. Introduction to issues of providing volunteer service. Experiential learning is required through a community service component.

Credit/no credit only.

This course is **not** eligible to count toward a minor in accounting.

400 Financial Reporting Theory I.

Fall (2).

401 Financial Reporting Theory II.

Spring (2).

Prerequisite for ACCT 400: ACCT 310 or ACCT 320 or by permission.

Prerequisite for ACCT 401: ACCT 310 or by permission.

410 Auditing.

Fall (4).

Examination of the responsibilities of independent and internal auditors. Emphasis is on the decision process, including audit standards, internal controls, audit objectives and evidence, sampling theory, and reporting audit conclusions.

Prerequisite: ACCT 310 or by permission.

411 Accounting Information Systems.

Fall or Spring (4).

Study of the design and application of accounting systems intended to provide financial and non-financial information, which informs decisions and influences behavior within business processes. Strong emphasis on conceptual modeling and database systems, and on documenting and evaluating internal controls.

Prerequisite: ACCT 210 and ACCT 220 or by permission.

415 Tax Accounting.

Fall (4).

Determination of federal and state income tax liability for individuals, corporations, and partnerships. Addresses filing returns, paying taxes, and introduces tax planning. Legislative and judicial development of tax law. Legal recourse available to taxpayers.

Prerequisites: ACCT 210 and senior standing or by permission.

Recommended: ACCT 360.

416 Advanced Concepts in Tax.

Spring (4).

Builds on concepts learned in ACCT 415 to address advanced topics in tax compliance for individuals, partnerships, and corporations. Discusses tax planning in detail.

Prerequisite: ACCT 415.

421 Governmental and Not-for-Profit Accounting.

Spring (4).

Theory and practice of governmental and not-for-profit financial accounting. Topics include theoretical framework, fund accounting, and basic financial statements.

Prerequisite: ACCT 310 or by permission.

Offered as needed.

440 Financial Statement Analysis.

Spring (4).

Financial statements are used in the context of making investment and financial decisions. Emphasis on using business strategy and economic environment to forecast financial statements (income, cash flow, balance sheet), assess risk, evaluate effectiveness of financial and operating leverage, and estimate intrinsic value of a firm and its equity.

Prerequisites: ACCT 310, senior standing, or by permission.
