

PRELIMINARY TEACHER CREDENTIAL PROGRAM: MULTIPLE SUBJECT

This program is the foundation upon which the School of Education at the University of Redlands has evolved. Courses are offered in the evenings, they are scheduled two evenings a week, and can be completed in 10 months. The School of Education's innovative teacher preparation programs are aligned with SB 2042 educational standards and accredited by the California Commission on Teacher Credentialing (CCTC).

The student-teaching requirement is a 14-week, full-time (5 days a week) commitment. Student Teaching consists of a public school placement, for a total of 14 weeks. Students are supervised by both a master teacher at the school site and University of Redlands' supervisor.

The School of Education also offers an 18-week, supervised internship program to qualified candidates employed in the traditional public school settings. A separate, mid-program, qualifying application process is required for internship.
