Raising his family in the community his family has called home for four generations, Representative Aguilar understands the challenges that Inland Empire families face today. He then put himself through college with the assistance of student loans and federal grants, and later established a life in public service to give back to his community.

Representative Aguilar is a voice for middle-class families throughout San Bernardino County and prioritizes legislation that will nurture a more fair economy, where everyone has the opportunity to succeed. He is committed to policies that create jobs, support our students, reform our broken immigration system, and safeguard vital programs for seniors and veterans.
